The ground breaking series of Alzheimer's and Parkinson's Diseases Conferences

AD/PD™ works towards advancing innovative strategies in therapy, prevention, clinical trials and diagnostic markers, in order to focus on driving successful collaborations among academia and industry, leading to the development of innovative therapies and ultimately providing a better future for patients and families affected by neurodegenerative diseases.

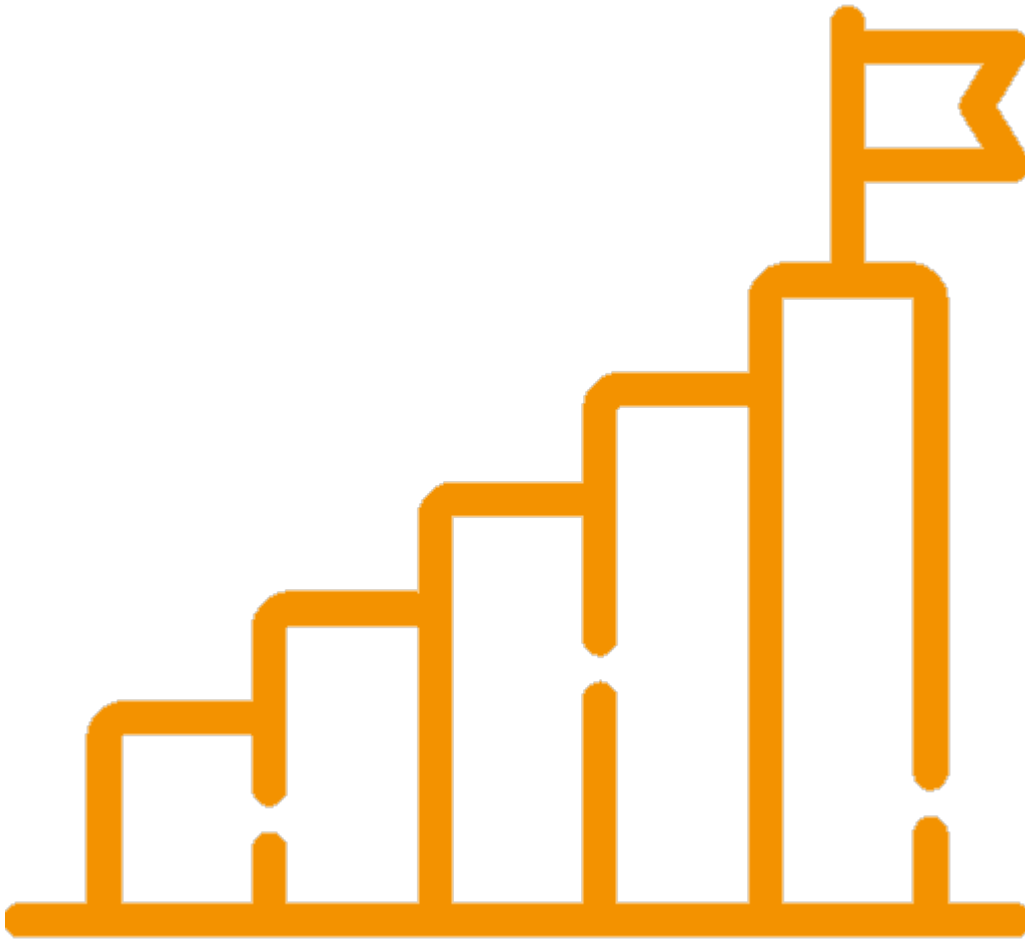

Cutting-Edge Science

The AD/PD™ Conference is where the brightest minds gather to explore the latest research, clinical trials, and treatments for Alzheimer's and Parkinson's. From uncovering groundbreaking discoveries to sharing the latest developments in treatments.

Top Speakers in the Field

The Conference will give you the amazing opportunity to meet and hear what the leading international experts are working on, discuss the latest news and trends in the field, and present in front of them your own work and gain valuable feedback.

AD/PD™ in Numbers

The AD/PD™ Conference has grown to be one of the leading events in the field of neurodegenerative disorders with over 4,100 participants from 61 countries and over 2,000 abstracts in 2023.

Discover Lisbon

The vibrant capital city of Portugal, known for its colorful streets, delicious cuisine, and rich cultural heritage. Explore its historic landmarks, such as the Tower of Belém and the Jerónimos Monastery, or wander through the charming neighborhoods of Alfama and Bairro Alto. Indulge in traditional Portuguese dishes like grilled sardines and pastel de nata, and enjoy the lively nightlife scene. With its mild climate and stunning views of the Tagus River, Lisbon is a must-visit destination for any traveler seeking a mix of history, culture, and fun.
